Intro to Triangles

YAY MATH!

Students will be able to complete the following problems after watching the video:

Please answer the following questions with *always*, *sometimes*, or *never*.

- All angles in triangles add to 180° . (*always / sometimes / never*)
- Right triangles are isosceles. (*always / sometimes / never*)
- Scalene triangles are acute. (*always / sometimes / never*)
- Equilateral triangles are isosceles. (*always / sometimes / never*)
- Isosceles triangles are equilateral. (*always / sometimes / never*)
- Acute triangles are right. (*always / sometimes / never*)
- Obtuse triangles are isosceles. (*always / sometimes / never*)
